## Who We Are

**MB Consulting Group LLC** (“MBCG”) is an advisory firm that specializes in outsourced CFO services for small and medium sized businesses and non-profits offering solutions in business planning, financial analysis, and accounting.

### Our Value Proposition

- We serve as a trusted business partner which acts as an extension of the management team
- Our proprietary analysis provides insights into critical business decisions based on key operating metrics
- Our advisory board is made up of a deep and experienced network of senior finance, accounting, and project management professionals with ability to support various business activities

## Our Story

MB Consulting Group LLC is led by Mandy Borys, who previously spent 10+ years at Goldman Sachs with a core focus on analyzing and valuing middle market private companies. MBCG is driven by the belief that all businesses, whether a start-up or established firm, can make more informed decisions by having a defined financial strategy measured by key performance indicators.

## What We Do

### Business Diagnostics

- Partner with businesses to identify areas of development, create executable solutions aimed at achieving the client’s objectives, and increase operational efficiency and profitability

### Professionalize the Finance function

- Standardize business and accounting processes, integrate business and operating activities using technology, and customize management reporting on key performance metrics

### Budgeting and profitability analysis

- Comprehensive financial modeling for 1-3 year business forecasting and set target operating objectives based on industry and peer benchmarking

### Capital allocation and cash flow management

- Evaluate major business decisions, project ROIs, and assist in the capital raising process
